

# Frequently Asked Questions

## **I already see the Student Health Fee in my U-Bill. Is this the same as the UNI Student Health Insurance?**

No. The Student Health Insurance is not the same as the Student Health Fee. The UNI Student Health Insurance is a creditable, ACA-compliant health insurance policy through Wellmark (Blue Cross/Blue Shield) that may be used worldwide, while the Student Health Fee is mandatory for most students and covers certain services only at the UNI Student Health Center.

## **I will graduate in December 2022, plan to transfer, or will not return for the Spring 2023 semester. When does my coverage end?**

- For Undergraduate students and Graduate students:
  - The health insurance will end on December 31, 2022.
  - The dental insurance will end on July 31, 2023.

## **I will graduate in May 2022 (or Summer 2022), plan to transfer, or will not return for the Fall 2022 semester. When does my coverage end?**

- For Undergraduate students and Graduate students:
  - The health and dental insurance will both end on July 31, 2022.

## **My UNI Student Health Insurance ended, and I do not have other coverage. Do you offer extensions or COBRA?**

No. Unfortunately, you must meet one of our eligibility to continue the UNI coverage, and COBRA is not available for this particular plan. We recommend visiting <https://www.healthcare.gov/> for alternative health insurance options.
